LOOKING FOR
Senior brand & web design role — full-time or long-term contract, remote

HOURS
Overlaps Australian business hours, US-West mornings, EU afternoons

STACK
Figma · Framer · Webflow · Adobe CC · After Effects · AI-assisted production

01 PROFILE

Brand and web designer with **5+ years in design**, including **3+ years inside an Australian agency** running creative for 20+ concurrent accounts across hospitality, healthcare, retail, and professional services. I take a brand from strategy to shipped site — identity, campaign systems, web design, and the build itself in Framer or Webflow — as one accountable designer. Healthcare fluency comes from the inside: two years in US revenue-cycle operations means clinics and billing firms skip the onboarding most designers need. AI-assisted production compresses versioning and exploration; direction, taste, and final craft stay mine.

02 EXPERIENCE

Brand & Web Designer

FEB 2023 – PRESENT

Your SocialChef · Victoria, Australia (Remote)

Primary brand and web designer at an Australian marketing agency — creative output across 20+ concurrent client accounts spanning hospitality, healthcare, retail, and professional services.

- Own creative delivery across 20+ concurrent accounts: campaigns, ads, carousels, story systems, short-form video, and print/digital collateral, weekly, under agency deadlines.
- Recent (Sep–Oct 2026): the Tacos 'N' Tequilas brand visual guide, grid and campaign; Augello's 22-piece social set, 33 Google Performance Max creatives and the What's On web page; plus monthly content for JUNK, Kumar's, Renzo's, Victoria's Pizza and more.
- Designed website mockups and UI layouts in Figma for agency clients including Junk Sunshine Coast and ACEF Enterprises, handed over as build-ready specs; sites live today.
- Built repeatable brand frameworks — content template systems, identity rulebooks, campaign structures — so the agency grew its client intake without a proportional increase in design hours.
- Integrated AI tooling into daily production (Adobe Firefly, Photoshop Generative AI, Magnific, Higgsfield, ChatGPT, Claude) for exploration, versioning, and upscaling; direction and final craft stay hand-made.

03 SELECTED WORK

Augello's
Social · Google P-Max · What's On web page
AGENCY · MELBOURNE · 2026

Tacos 'N' Tequilas
Brand visual guide · grid · campaign · motion

Brand, website & social system
AGENCY · QLD · 2023–

ACEF Enterprises
Healthcare brand & marketing suite
CLIENT · CALIFORNIA · 2024–25

Product line
5 website kits · 4 working apps
SELF-INITIATED · 2025–26

02 EXPERIENCE, CONTINUED

Independent Brand & Web Designer

MAR 2022 – PRESENT

Vaugn Studio · Philippines (Remote)

Identity, websites, and marketing systems for healthcare, hospitality, and growth businesses — designed and built end to end.

- Shipped complete brand-to-website engagements: MedSync Mental Health (live Framer site for a California psychiatry clinic, three update rounds in 2026), Ozmax Care, InBloom Therapy.
- Designed, built, and launched a self-initiated product line in 2026 — five niche website kits (Averis, Lumière, Éclat, Maison, Esprit) and three working apps (Studio OS, SOP Quest, Outreach Cockpit) — design system to production PWA, solo.

Creative Designer — Part-time

MAR 2024 – NOV 2025

ACEF Enterprises · California, USA (Remote)

- Developed a coordinated healthcare marketing suite — trifold brochures, roll-up banners, calling-card materials, social assets — for physician office managers and hospital administrators.
- Translated revenue-cycle-management services into clear, benefit-led visual communication with strong hierarchy and healthcare credibility cues; production-ready across print and digital.

Revenue Cycle Management Specialist

MAY 2023 – DEC 2025

ChrisNGrace Inc. · California, USA (Remote)

- Supported revenue-cycle operations for physician clinics and allied-health providers: claim review, submission monitoring, denial follow-up, payer coordination — across Noridian Medicare, Office Ally, CollaborateMD, and Practice Fusion.
- Identified recurring denial and documentation issues, reducing avoidable rework between clinical and billing teams — the inside view that now informs my healthcare design work.

Brand Designer

FEB 2021 – DEC 2022

Lucia's Kitchen & Pomodoro Pizza · Manila, Philippines

- Built complete visual identities for two F&B brands across menus, packaging, signage, social, and in-store materials; branded content and campaigns lifted Lucia's social engagement by roughly 80% and contributed to measurable in-store traffic growth.

04 HOW I WORK

- Systems over one-offs: every account gets a rulebook — palette, type, layout skeletons, voice — so weekly batches ship without drift.
- Honest hand-backs: reasoning next to every piece, conflicts in the inputs flagged before anything else, assumptions stated so a lead can overturn them.
- Build-ready by default: Figma to clean specs, or the Framer/Webflow build itself with a CMS the client runs without me.

05 SKILLS

Brand & campaign
Identity systems · brand guides · campaign creative · social systems · print

Web & product
Figma (UI/UX) · Framer · Webflow · HTML/CSS · design systems · responsive build

Adobe & motion
