PORTFOLIO — 2026

VAUGN ALMEIDA

Identity systems and websites for brands that live on *trust*.

Senior Brand & Web Designer — healthcare and hospitality. I design the brand, design the site, and build it myself.

SNAPSHOT

One person, strategy to shipped site.

I’m a brand & web designer working remotely with international clients across healthcare, hospitality, and growth businesses. My route in is unusual: I worked inside US healthcare revenue-cycle operations — claims, denials, payer follow-up — so clinics and billing firms skip the months of onboarding most designers need.

Since 2023 I’ve been the brand & web designer at Your SocialChef, an Australian agency, handling creative across 20+ concurrent accounts — which taught me the unglamorous senior skills: prioritising, systematising, and keeping twenty visual languages distinct under weekly deadlines.

Alongside client work I designed, built, and shipped a product line of my own — five niche website kits and four working apps, design system to production.

01 — CLIENT WORK

Augello’s

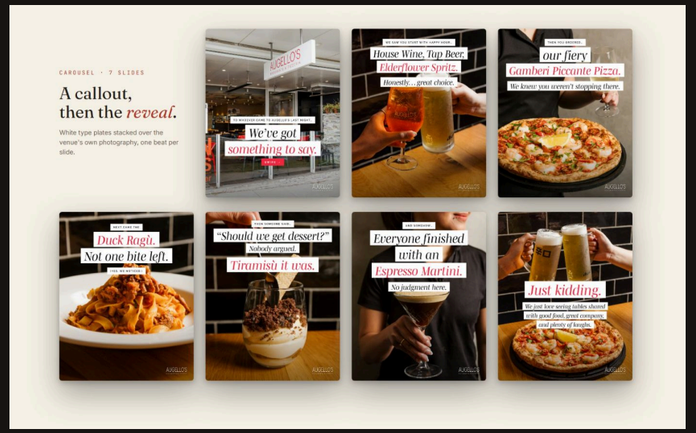

AGENCY WORK · 2026 | HOSPITALITY | SOCIAL · PAID · WEB

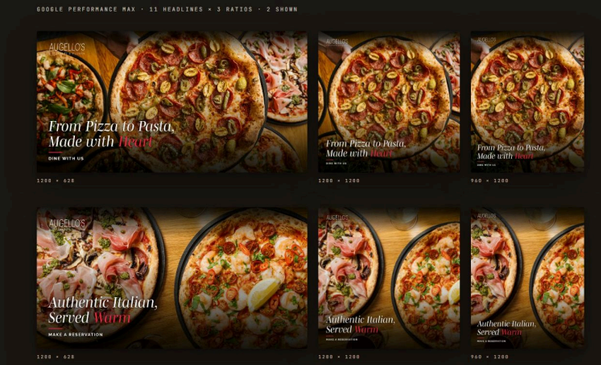

For an Italian restaurant in Balwyn, through Your SocialChef: a 22-piece social set built around a seven-slide callout carousel, 33 Google Performance Max creatives cut from the venue’s own shoot, and the What’s On page for the new website, designed for desktop and mobile.

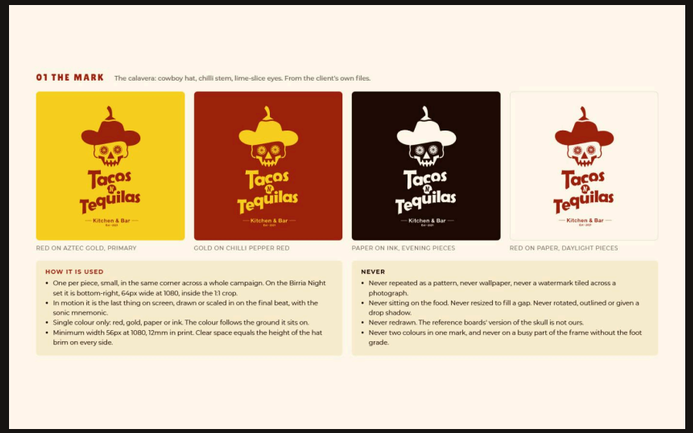

01 — CLIENT WORK

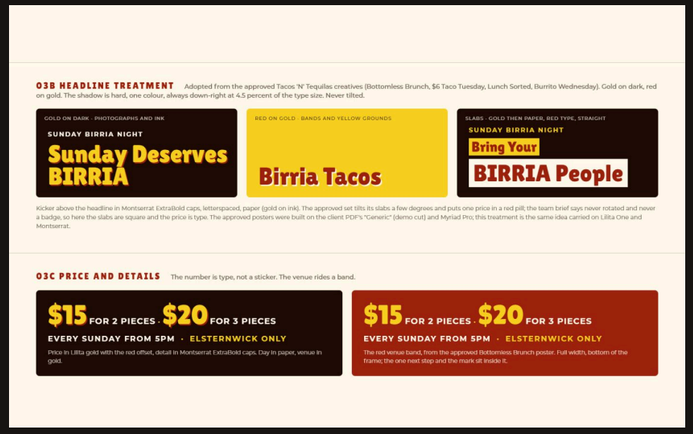

Tacos 'N' Tequilas

AGENCY WORK · 2026 | HOSPITALITY | BRAND SYSTEM · CAMPAIGN · MOTION

For a Melbourne Mexican kitchen and bar, through Your SocialChef: a one-page brand visual guide that settled two conflicting brand documents, a nine-tile Instagram grid, and the Sunday Birria Night campaign — three variations, three formats each, plus animated stories. Every image is the venue's own photography; nothing generated.

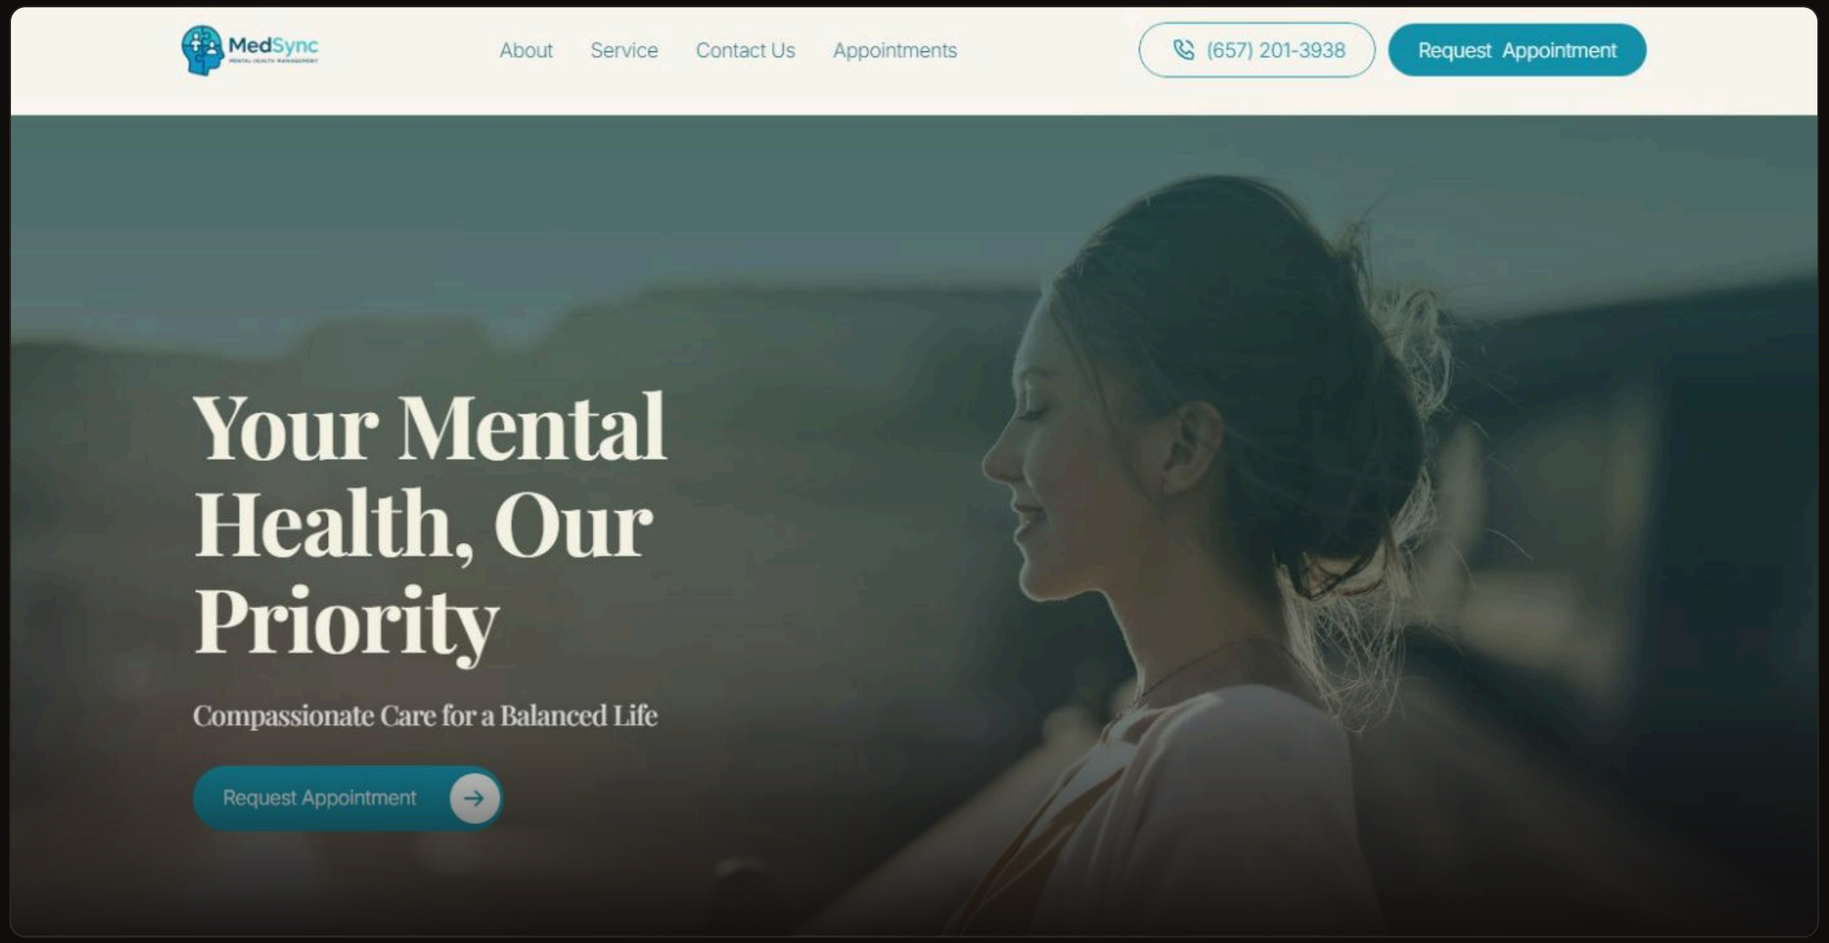

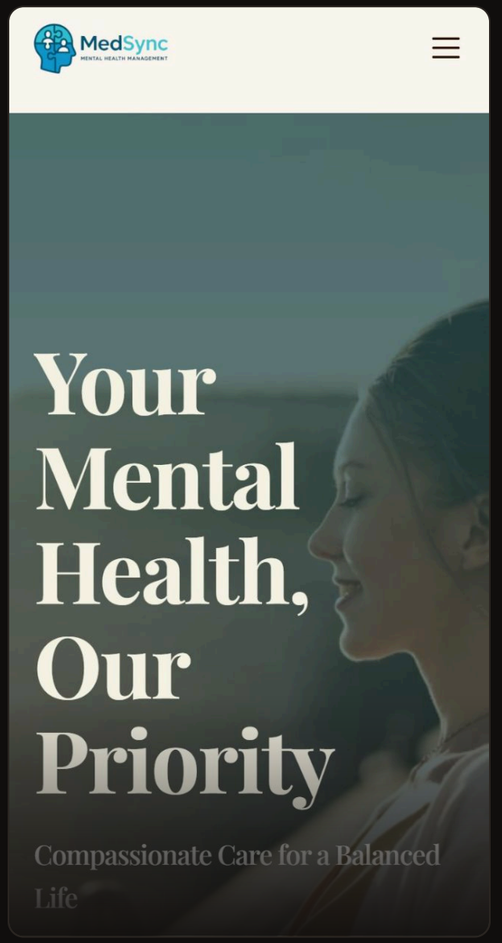

01 — CLIENT WORK

MedSync

CLIENT WORK · LIVE | HEALTHCARE | BRAND + WEB

A California psychiatry clinic's first impression, rebuilt around patient trust: HIPAA-aware design, crisis-protocol integration, and a booking flow that works for someone in a bad week. Designed and built in Framer, with a CMS the clinic team runs without me. medsyncmentalhealth.com · 2025

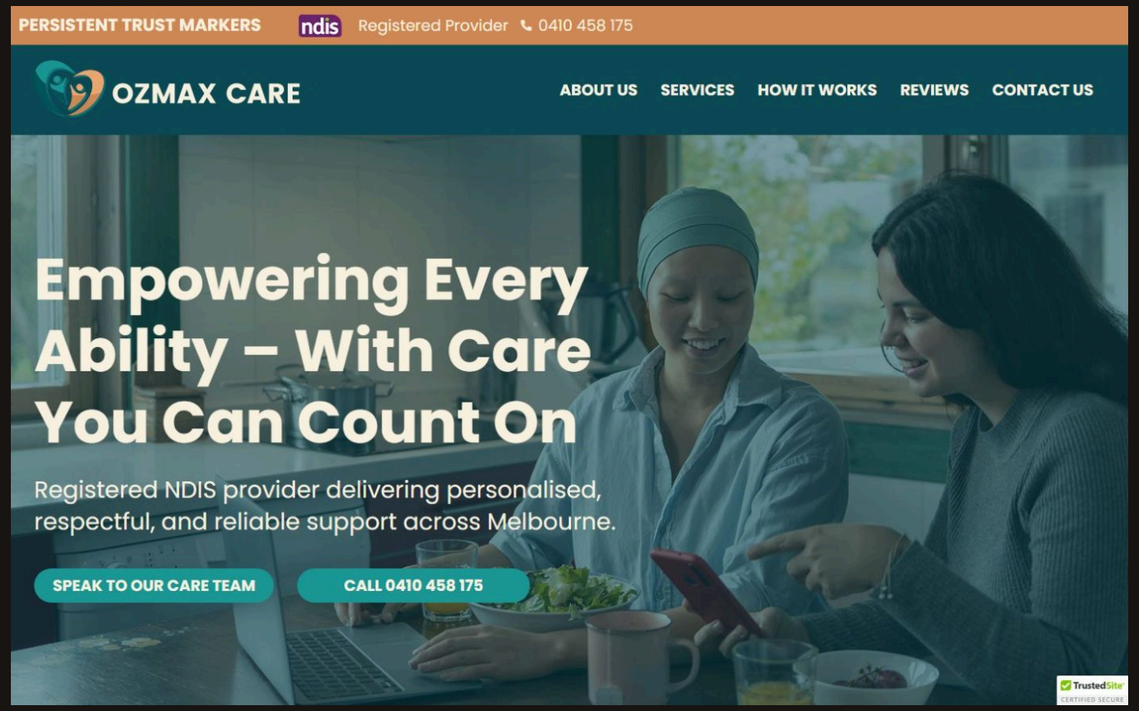

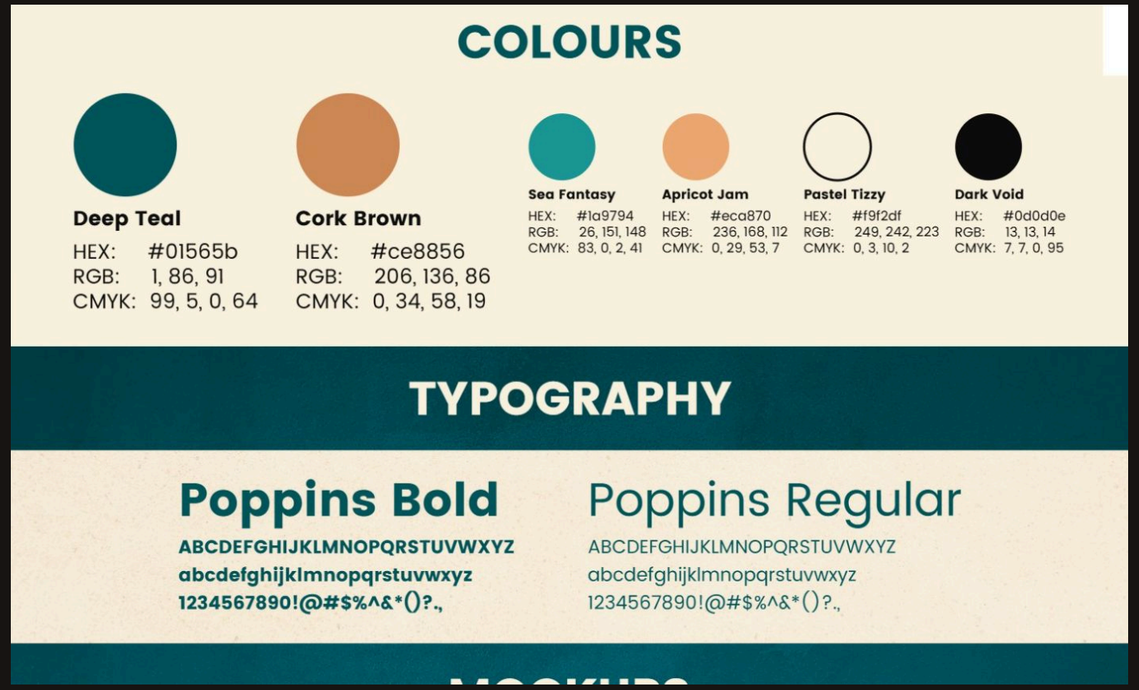

01 — CLIENT WORK

Ozmax Care

AGENCY WORK · LIVE | NDIS & DISABILITY | BRAND + WEB

Full brand identity for a Melbourne NDIS and disability-support provider — logo, palette, typography, and a brand guide — plus the website design built around its trust-first “Empowering Every Ability” message. For families making sensitive care decisions, warmth is the conversion strategy.

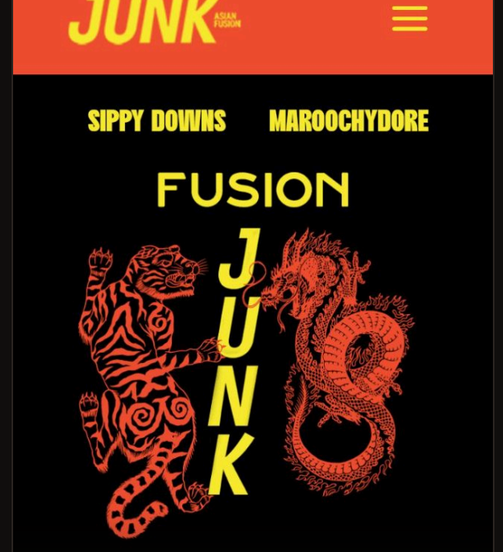

01 — CLIENT WORK

Junk Sunshine Coast

AGENCY WORK · LIVE | HOSPITALITY | BRAND · WEB · SOCIAL

A high-energy Australian food brand across two venues: website design, social systems, promotional print, and photo grading. The brief was loud — the system keeps it loud without becoming noise.

CLIENT & AGENCY WORK · ALL LIVE

Seven client sites are live and visitable. Four of them here: contemporary Greek hospitality, a restaurant with its own ordering system, a Melbourne counselling practice, and a food-truck event organiser.

AGENCY WORK | YOUR SOCIALCHEF | 9 CLIENTS SHOWN

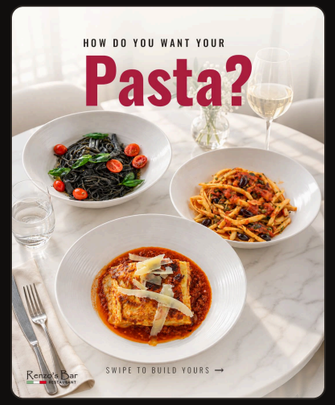

A recent slice of the roster, each piece set in that client's own type and colour: game-day and festival posters, restaurant content, a franchise recruitment set, a seniors lunch, Christmas tables, a Father's Day push, an A3 order-by-QR print poster and a customer review poster.

AGENCY WORK | YOUR SOCIALCHEF | 2023 — PRESENT

A sample of client creative delivered at agency pace — hospitality campaigns, seasonal promotions, and retail launches, each holding its own brand's voice while sharing one production system underneath.

STUDIO DESIGN SYSTEM

20+ BRANDS

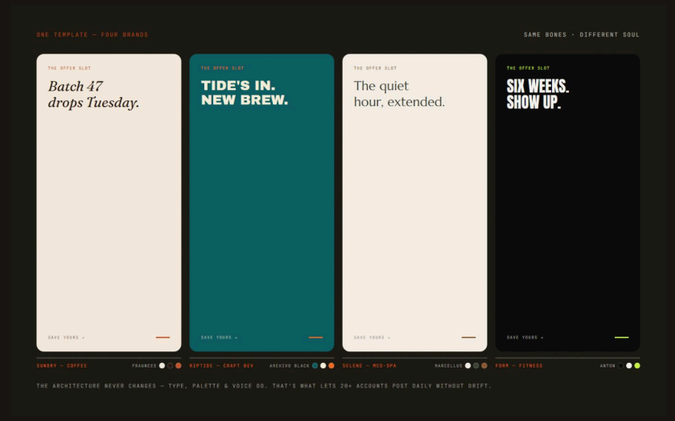

Twenty accounts a week only works with architecture: a template system where one layout carries any brand’s type, colour, and voice — plus a conversion anatomy for carousels and a hospitality menu-drop format that reuses every week.

03 — BRAND IDENTITY

Sundry Coffee Co.

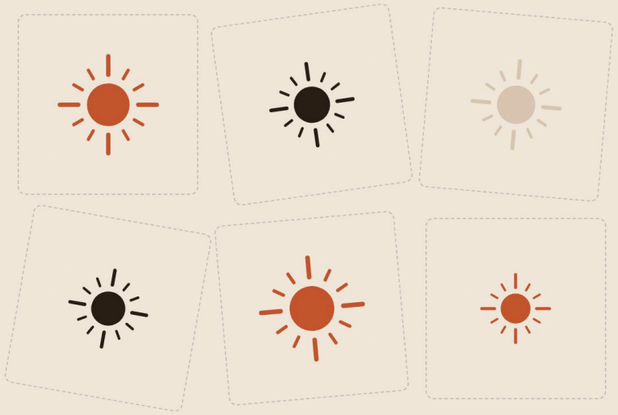

CONCEPT STUDY — SELF-INITIATED

IDENTITY · PACKAGING · PRINT

A neighbourhood roaster built on the ritual of slow mornings. The mark is a rising sun with deliberately uneven rays — drawn to behave like a rubber stamp, not a vector file — with Fraunces for letterpress warmth and a palette pulled straight off the counter.

SUNDRY COFFEE CO. — MARK & STAMPS

A sun that rises slowly — stamped by hand, never printed in a hurry.

Five niche website kits

SELF-INITIATED PRODUCTS · DESIGNED, BUILT, PACKAGED

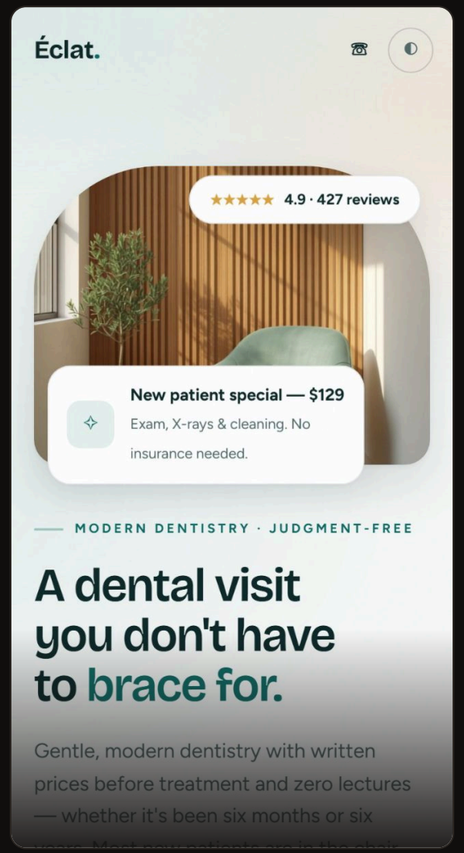

Complete website systems for specific industries — each one a full design system, responsive build, and documentation, produced solo and packaged for sale. Averis carries a revenue-leak calculator and a 14-slide pitch deck; Lumière ships in two themes.

SELF-INITIATED PRODUCTS · LIVE SOFTWARE

Not mockups — running software I designed and built end to end: a gamified SOP tracker shipped as an installable PWA, a 19-metric business dashboard with a reports engine, a local-first outreach CRM, and the medical-billing SOP toolkit that was my first shipped product.
