■ PROFESSIONAL SUMMARY

Brand and web designer and strategist with 5+ years of experience and a dual capability most competitors lack: live Framer delivery for healthcare and commercial clients, and domain fluency built from inside clinical revenue cycle operations. Agency-trained managing 20+ concurrent brand accounts across Australia, the US, and Europe, bringing production discipline, deadline consistency, and creative quality at scale. Healthcare-fluent from the inside, with direct RCM exposure that means I understand payer dynamics, clinical credibility signals, and compliance-aware design without the onboarding gap most designers never close. AI-enhanced workflows including Adobe Firefly for generative exploration, ChatGPT for strategic direction, and Magnific AI for asset refinement operate at every stage of delivery.

■ CORE SKILLS

WEB DESIGN

Framer · Figma (UI/UX) · Webflow · HTML/CSS

BRAND & GRAPHIC DESIGN

Adobe Photoshop · Illustrator · InDesign · Brand Identity Systems

PHOTOGRAPHY & VIDEO

Lightroom · Premiere Pro · After Effects

AI-ENHANCED WORKFLOWS

Adobe Firefly · Photoshop Generative AI · Magnific AI · Higgsfield AI · ChatGPT · Claude AI

DOMAIN EXPERTISE

Healthcare & Medical Billing · Marketing Agencies · Hospitality & F&B

■ PROFESSIONAL EXPERIENCE

Brand & Web Designer

Feb 2023 – Present

Your SocialChef | Victoria, Australia (Remote)

Primary brand and web designer at an Australian marketing agency, responsible for creative output across 20+ concurrent client accounts spanning F&B, retail, healthcare, and professional services.

- Manage creative delivery across 20+ concurrent client accounts in healthcare, hospitality, retail, and professional services, producing campaigns, ads, carousels, story systems, short-form video, and print/digital collateral under tight deadlines.
- Designed website mockups and UI layouts in Figma for agency clients including Junk Sunshine Coast and ACEF Enterprises, translating brand strategy into web-ready visual systems with development-ready deliverables.
- Built repeatable brand frameworks including content templates, identity systems, and campaign structures that reduced creative briefing overhead and enabled client intake growth without proportional design resource increases.
- Integrated AI creative tools into daily production workflow: ChatGPT for creative strategy, Adobe Firefly and Photoshop Generative AI for generative image exploration, and Magnific AI for asset upscaling, compressing concept-to-delivery timelines without reducing output quality.

Independent Brand & Web Designer

Mar 2022 – Present

Vaughn Studio | Philippines (Remote)

Independent brand and web design practice for healthcare, hospitality, and growth businesses. Identity, websites, and marketing systems designed and built end to end.

- Designed and shipped complete brand-to-website engagements including MedSync Mental Health (live Framer site for a California psychiatry clinic), Ozmax Care (Australian NDIS and disability support), InBloom Therapy, and Mekong Merchant.
- Built and launched a self-initiated product line in 2026: five niche website kits (Averis, Lumière, Éclat, Maison, Esprit) and three working apps (Studio OS, SOP Quest, Outreach Cockpit), from design system to production PWA, solo.

Creative Designer – Part-time

Mar 2024 – Nov 2025

ACEF Enterprises | California, USA (Remote)

- Developed a coordinated healthcare marketing suite including trifold brochures, roll-up banners, calling-card materials, and social media assets for physician office managers, hospital administrators, and other healthcare decision-makers.
- Translated complex revenue cycle management services into clear, benefit-led visual communication using concise messaging, strong information hierarchy, and professional healthcare credibility cues.
- Maintained consistent typography, color, iconography, and brand messaging across print and digital touchpoints, preparing production-ready assets and refining designs through stakeholder feedback.

Revenue Cycle Management Specialist

May 2023 – Dec 2025

ChrisNGrace Inc. | California, USA (Remote)

- Supported revenue cycle operations for physician clinics and allied health providers, including home-visit, psychiatric, and wound-care services.
- Reviewed patient and claim information, monitored submissions, followed up on unpaid or denied claims, and coordinated next steps with providers, payers, and internal teams.
- Worked across Noridian Medicare, Office Ally, CollaborateMD, and Practice Fusion to verify billing information, track claim status, document payer responses, and maintain accurate workflow records.
- Identified recurring denial and documentation issues, helping reduce avoidable rework and improve communication between clinical and billing operations.

Brand Designer

Feb 2021 – Dec 2022

Lucia's Kitchen & Pomodoro Pizza | Manila, Philippines

- Built complete visual identities for two F&B brands across menus, packaging, signage, social media, event promotions, and in-store materials, establishing consistent brand standards across all customer touchpoints.
- Increased Lucia's Kitchen social media engagement by 80% through branded content, interactive promotions, and targeted campaigns, contributing to measurable in-store traffic growth.

■ FEATURED PROJECTS

MedSync Mental Health — Brand & Web Design

US Psychiatry Clinic · 2025 · medsyncmentalhealth.com

Live Framer website for a board-certified California psychiatry clinic with HIPAA-aware design, crisis protocol integration, and appointment booking flow. Clinical service pages serving patients in person and via telehealth.

ACEF Enterprises — Healthcare Brand System

US Healthcare Marketing · 2024–2025

Full brand and marketing suite for a US healthcare billing firm including trifold brochures, roll-up banners, calling card systems, and social assets, built with clinical credibility and trust-first visual language.

Ozmax Care — Brand & Web Design

Australian Disability & Aged Care · 2026

Brand identity and website design for an Australian NDIS and aged care provider. Warm, trust-first visual system built for families navigating sensitive care decisions, with clear service navigation throughout.

Mekong Merchant — Brand Identity & Packaging

Australian F&B · 2026

Full brand identity for an Australian Southeast Asian food and beverage brand including logo system, packaging design, and brand guidelines, balancing heritage with modern premium positioning.
